Mysore, Karnataka – 570028

Subject: Accreditation status of programmes applied by ATME College of Engineering, SY No. 1002, Harohalli (Mellhali), Mysore, Karnataka – 570 028.

Sir,

This has reference to your application I.D. No. 2853-05/04/2018 seeking accreditation by National Board of Accreditation in Tier-II format to UG Engineering programs offered by **ATME College of Engineering, SY No. 1002, Harohalli (Mellhali), Mysore, Karnataka – 570 028.**

2. An Expert Team conducted on-site evaluation of the programs from 22nd to 24th February, 2019. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The competent authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Civil Engineering	Tier-II June 2015 Document	Accredited	Academic Years 2019-2020 to 2021-2022 i.e. upto 30-06-2022	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the competent authority, whichever is earlier
2.	Electrical & Electronics Engineering		Accredited		
3.	Electronics & Communication Engineering		Accredited		
4.	Mechanical Engineering		Accredited

4. The programs have been granted accreditation for 3 years. **ATME College of Engineering, SY No. 1002, Harohalli (Mellhali), Mysore, Karnataka – 570 028** should submit the Compliance Report at least six months before the expiry of validity of accreditation mentioned above to be eligible for consideration by the concerned Committee in NBA for further processing of the accreditation status. This could entail further extension of accreditation or a visit, as deemed appropriate by NBA Committees.

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **ATME College of Engineering, SY No. 1002, Harohalli (Mellhali), Mysore, Karnataka – 570 028** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

Contd/...

6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.
7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.
8. A copy each of the Report of Chairman of the Visiting Team and Evaluators' Reports in respect of the above programs are enclosed.
9. If the Institute is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

About Remote Center

ATME College of Engineering, has been recognized as Remote center of IIT Bombay

Adding yet another feather in its step, The ATME College of Engineering, Mysuru, has been recognized as Remote Center of Indian Institute of Technology, Bombay (IIT-B) on 23rd May 2019 (Remote Center Code: 1563).

As IIT-B's Remote Center, ATME will host the faculty members to attend live online courses/workshops delivered by IIT Bombay's members. The participating faculty members would be attending lectures, tutorials, lab sessions and live interactions with the IIT-B faculty through distance mode using internet and advanced A-VIEW technology.

The Teaching Learning Centre (ICT) is organising workshops at IIT Bombay, a scheme of 'Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching' (PMMMNMTT), an initiative of the Ministry of Human Resource Development, Government of India.

Methodology

Under the programme, IIT Bombay conducts ISTE workshops during the vacation period in summer and winter. Teachers attend the workshops at a designated Remote Center (RC), close to their own college. Lectures are delivered by faculty from IIT Bombay, while tutorials and lab sessions are conducted locally in the same RC. The lecture transmission and live interaction take place in a virtual classroom environment, using the AVIEW technology on the internet.

Faculty coordinators are appointed at each remote centre, to handle the technology infrastructure and other operational logistics. Additionally, for each workshop, there is a workshop faculty coordinator for that subject who will help in the conduct of labs and tutorials at that center. We invite expert faculty from various remote centers to a five-day Coordinators training workshop which is held in IIT Bombay, at least two months before the main workshop. These Coordinators then act as Workshop Coordinators during the main workshop, liaising between the participants at their Remote Centers and IIT Bombay from where the workshop is transmitted live. During the main workshop, the Workshop Coordinator at every center supervises the conduct of tutorials and Labs. All the lectures and tutorial sessions are recorded. The final edited audio-visual contents, along with other course material are released under Open Source. These contents can be freely used later by all teachers and students.
